Shelving Options

- 1) The FULL dust:** we remove all items, dust shelving, and replace items.
- 2) The QUICK dust:** we dust what is readily available, moving items as is convenient, or simply dusting around them.
- 3) The NO dust:** you can probably guess! We skip dusting on shelves completely if it's not a priority to you.

*We do not remove books from shelves, no matter what dusting option you choose

"Add-ons" Defined

Our standard clean is quite thorough, but there may be additional tasks you'd like done that are important to you or unique to your space

These would be considered "add-ons" and it simply adds time to the visit at our hourly rate

You may request add-ons at the consultation or in the future via email.
